

Newly Rated Players & Ratings Changes are in Red - Last Updated 1/25/2012

In an effort to avoid any pre-tournament controversy, the ratings committee will not accept any Rating Appeal Forms or lower any player's rating within 30 days prior to any "Major" event. However, if a player has received a rating that is far below their true playing ability, whether it was by accident or from sandbagging, the Ratings Committee reserves the right to vote on and/or change a player's rating at any time.
